### Z-6010

The Z-6010 is a compact, desktop, omnidirectional laser scanner that becomes a single-line laser scanner at the push of a button.

It is designed to suit both omnidirectional and single-line scanning requirements. With reserved mounting holes on the back of the scanner body, the Z-6010 converts into a scanning module to allow integration into your desired hardware application. It also has a two-knot follower that creates a three-dimensional adjustability by turning so you can enjoy the benefits of a truer fit.

- *Support omnidirectional (3D) and single line (2D) scanning*
- *Powerful scanning performance*
- *Optional 3D return cradle*
- *Z-SCAN+ technology (patented technology)*
